Exposure controls

Appropriate engineering controls
The following to be used as necessary: Hand tool with integrated exhaust, glove box, local exhaust ventilation, control of release of inhalable and/or respirable particulates/aerosols. For abrasive blasting, refer to OSHA 29 CFR 1910.94(a).

Personal protection equipment

Eye/face protection
The following to be used as necessary: Complete eye and face protection. Safety spectacles/goggles/full face shield.

Skin protection (Hand protection/Other)
The following to be used as necessary: Wear suitable protective clothing and gloves.

Respiratory protection
The following to be used as necessary: Supplied-air respirator, air-purifying respirator with N/P-95 cartridge, or filtering-facepiece respirator depending on exposure levels in relation to the above occupational exposure limits.
